Allowable Subject Matter

2. Claims 1-26 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach the limitations of the independent claims including the details of the service personnel command panel on the rear, including the biometric data comparator, cryptograph module, physical switch, in combination with the management center, modules, and management device as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Additional Remarks

The Examiner notes that though the preliminary amendment was completed in order for the claims to conform to US practice, the Examiner suggests reviewing the form of the claims to ensure they do not remain narrative in form.
